Here's the Something Magical Card Kit:

- **G1148 A Slice of Happy Cardmaking Kit: \$20.95**
 - [Download Guide](#) ... cards shown on the right

What's the difference in CARD KITS? I don't understand all the offers ?

1. The Workshop Your Way above offers a kit that does 6 pages AND cards (optional). The guide included in the kit gives you directions and photos for cutting/creating. The difference is **you can buy the stamp sets (scrapbooking or cards/thin cuts) sold separately.**
2. The **kit to the right is sold SEPARATELY** and **includes:** patterned papers & cardstock, a stamp set, accessories, cards and directions to make two card designs ...6 of each.
