Cuteness overload! The Seas & Greetings WINTER Workshop Kit I designed is Snnooowwww adorable!!! Loving the colors, embellishments and playful snowmen! So easy to color the hat and/or scarf in with markers. This is a keeper for all your WINTER themed activities. Whether you ski, sled, snowshoe, snowball fight, create snow angels or just love anything 'icy,' this collection is whimsical and colorful! There are 4 winter themed layouts and the last layout is for a beachy winter (easily reversible for cold winter, giving 10 pages). In addition, the adorable cards are optional ideas for you to create with your scraps.
