The [HOME FOR CHRISTMAS collection](#) will be our traditional holiday Christmas scrapbooking kit with red, green, grey and I'll be adding our pine glitter paper along with some favorite thin cuts you most likely own. I love the new pop of color JADE and even used the shimmer brush which made the black die cuts more elegant. The [extra set of die cuts](#) are to die for and you'll want it because we use it all! The pine glitter is so pretty in the large bow thin cut on the last set of pages. Isn't it nice to create 10 pages from one kit? You'll be able to use it for all kinds of photos leading up to Christmas and right into the New Year! Oh, and the [x9052 Mixins](#) is being used but if you bought it for The Good Life, you will NOT need another pack. I did enjoy the [Home for Christmas stamps + thin cuts](#) for the gorgeous titles and variety of presents we will create.
