

Radiant Reminders Mini Scrapbook Kit

Craft four scrapbook pages that are not only enjoyable but also quick and beautifully effective! These pages are ideal for capturing memories of outdoor adventures, tropical vacations, and seaside getaways. With a limited selection of products, you'll love how effortlessly these four pages come together.

What's Included

The Radiant Reminders Kit is an entirely new, all-inclusive collection. The standout features of the pages are the diverse pop-out ephemera. You'll appreciate the tropical leaves in various sizes and colors, including some in vellum with gold foil accents. The kit also offers a selection of photo mats and stunning butterflies, along with pop-up adhesive strips and dots. Note I chose to use a different product instead of the black sequins included in the kit.
